

# UWAR Veteran and Senior Projects

An estimated **\$125B** is lost by healthcare systems each year due to underpaid claims; and that was before the current crisis. Wellness Wishes is the perfect vehicle to easily and efficiently reclaim lost revenue for local hospitals and healthcare facilities, **while generating much-needed funds for the communities in which they serve.** Which is why we're proud to promote our UWAR (Ultimate Workout & Recovery) Veteran and Senior Projects.

Get involved in the projects to recoup lost, unrealized money for your organization, while financially contributing to the UWAR Projects with no out-of-pocket expenses. Your involvement will provide for a crucial fitness and therapy environment for our nation's heroes: veterans and senior citizens. **YOU have the power to make this happen!**

**HOW?** Contribution is laid out in four easy steps:

A partnership between our organizations would begin with your own claim's recovery project

Our team of Funding Advisors does all the work from data collection, analysis, reconsideration efforts, and recovery of funds

Significant funds are returned to your healthcare organization; Wellness Wishes only takes a fee on money that we help recover

We then allocate a portion of our fees to fund the UWAR Projects, with an additional allocation of fees to go to your community to address crisis rebuild efforts

## EXAMPLE BREAKDOWN OF POTENTIAL FUNDING:

- \$100M revenue hospital
- 10% revenue recovered = \$10M
- Hospital retains \$5M
- WW invoices \$5M with a minimum \$1M going to UWAR Veteran & Senior Projects, and additional Crisis Rebuild Funding going to the community

Projects & Community Rebuild Fund

Average 10.1% of revenue recovered

Average 22.9% underpaid claims

## JOIN US in helping rebuild a healthier future for the greater good!

Currently, our UWAR Projects aim to place 5,000 units in each location (Columbus, Indianapolis, and San Antonio). Project elements, claims recovery project and further details available upon request, or simply contact us to schedule a call to answer all your questions, strategize and start facilitating funding for your organization and YOUR community!
